Independent Auditor's Report

To the Board of Trustees
Community Foundation of Northern Colorado

We have audited the accompanying consolidated financial statements of Community Foundation of Northern Colorado and its subsidiary (the "Foundation"), which comprise the consolidated statement of financial position as of June 30, 2020 and 2019 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Community Foundation of Northern Colorado and its subsidiary as of June 30, 2020 and 2019 and the results of their activities, functional expenses, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 to the consolidated financial statements, the Foundation has been impacted by the COVID-19 pandemic. Our opinion is not modified with respect to this matter.

A handwritten signature in black ink that reads "Plante & Moran, PLLC".

Note 1 - Nature of Business

The Community Foundation of Northern Colorado (the "Foundation") was established over 40 years ago to encourage and assist those who want to be a part of shaping the future of our region. We make it easy to create a charitable legacy through the creation of custom-designed endowment funds, and we connect people to the not-for-profit sector in ways that inform and inspire their philanthropy and community involvement. Through hundreds of individual charitable funds, we distribute millions of dollars into our community each year. Through initiatives, forums, and educational events, we bring people together to create greater impact. For those who wish to give back to their community, we serve as a long-term, strategic partner to make their donations of time and money more effective and enjoyable. Our vision is to be the regional leader in building a more engaged, philanthropic, and visionary community. Our mission is to provide a trusted local platform that enables people to give more effectively and to think strategically and creatively about the future of our community.

Note 2 - Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of the Foundation have been prepared on the basis of generally accepted accounting principles (GAAP). The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the consolidated financial statements. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts and operations of the Foundation and its supporting organization, Community Foundation Trust (the "Trust"). All material intercompany accounts and transactions have been eliminated in consolidation.

Adoption of New Accounting Pronouncement

As of July 1, 2019, the Foundation adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, which provides enhanced guidance to assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchange (reciprocal transactions) and (2) determining whether a contribution is conditional. The Foundation elected to apply the new ASU using the prospective approach. The adoption did not have a material impact on the consolidated financial statements, and the Foundation's contribution revenue and grant-making expense recognition practices were substantially unchanged as a result of applying the clarifications in ASU No. 2018-08.

Classification of Net Assets

Net assets of the Foundation are classified based on the presence or absence of donor-imposed restrictions.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity.

The Foundation receives gifts from individuals, foundations, and organizations and places them into individual funds that match the giving priorities of the donors. A portion of the gifts are endowment gifts, which are preserved in perpetuity subject to the variance power discussed below. The income from endowment gifts is granted to not-for-profit organizations and special community projects and initiatives.

Note 2 - Significant Accounting Policies (Continued)

Under the terms of the articles of incorporation and bylaws, the board of trustees has a variance power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgment of the board, such restriction or condition becomes in effect unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the area served. In addition, pursuant to the terms of endowment fund agreements, the Foundation retains the ultimate authority and control over the investment, expenditure, distribution, and grants of principal and income from endowment funds. It is the expressed intention of the Foundation to honor the designations of donors; however, the Foundation reserves the right to exercise final control over such funds.

Cash and Cash Equivalents

For the purpose of the accompanying consolidated financial statements, the Foundation considers all highly liquid investments purchased with original maturities of three months or less, unless held as part of the investment portfolio, to be cash equivalents.

Investments

The Foundation's investments include privately and publicly held investments. The Foundation is required to report investments in equity securities with readily determinable values and all investments in debt securities at their fair values with unrealized gains and losses included in the consolidated statement of activities and changes in net assets.

Direct investments in real estate, mineral rights, water rights, and impact investments are recorded at the lower of cost or fair value.

Distributive shares of income or loss from pass-through entities, such as limited partnerships and real estate partnerships, LLCs, and trusts, are recorded as income in the year such items are recognized by the Foundation and are reported as adjustments to the initial cost basis of the investment. Gains and losses attributable to the Foundation's investments are realized and reported upon a sale or disposition of the investment. Unrealized gains and losses are included in the consolidated statement of activities and changes in net assets.

As of June 30, 2020 and 2019, the Foundation held \$7,771,000 and \$4,918,000, respectively, of investments at cost (see Note 4). The Foundation has evaluated all of the investments held at cost for impairment and did not identify any events or changes in circumstances that may have a significant adverse effect on the valuation of the investment. As a result, none of the investments have been impaired as of June 30, 2020 or 2019.

Property and Equipment

Property and equipment are recorded at cost or at fair value if donated. The straight-line method is used for computing depreciation and amortization. Assets are depreciated over their estimated useful lives, which range from 3 to 40 years.

Beneficial Interest in Trusts

The Foundation has been named the beneficiary in assets held by trusts, where the assets of the trusts are invested and managed by outside trustees in accordance with trust instruments established by the donors. The beneficial interest in these trust assets was \$2,568,749 and \$2,621,185 as of June 30, 2020 and 2019, respectively.

Note 2 - Significant Accounting Policies (Continued)

Split-interest Agreements

Split-interest agreements are recorded as an asset, revenue, and a liability at the time of the gift. The liability amount is based upon the fair value of the underlying gift, the actuarial facts of the annuitant, and a present value discount rate for the expected life of the annuitant. The difference between this present value and the fair value of the gift is recorded as revenue at the time of the gift. Subsequent changes in the present value due to life expectancy or other actuarial facts are recognized as an increase or decrease of net assets in the year the change is detected. As of June 30, 2020 and 2019, the Foundation held total assets under split-interest agreements of \$4,763,511 and \$4,786,422, respectively, as part of its investment portfolio and has recorded liabilities of \$3,552,603 and \$3,786,240, respectively.

Subsequent to year end, the Foundation became the charitable remainder beneficiary and trustee of a pair of charitable remainder unitrusts, which each held assets with a fair value of approximately \$5,600,000 at the date they were established (\$11,200,000 combined). Both trusts establish annual unitrust payments to the lifetime beneficiary of 5 percent of fair value trust assets. Both trusts' charitable remainder assets are designated to the benefit of the Foundation, resulting in net contribution revenue of approximately \$6,000,000 subsequent to year end.

Assets Held for Agency Funds

A fund established with a contribution from an organization for the benefit of the contributing organization is classified as an agency fund. The activity in agency funds is reported as a change in the liability for assets held for agency funds on the consolidated statement of financial condition.

Contributions

Contributions of cash and other assets, including unconditional promises to give in the future (pledges), are reported as revenue when received, measured at fair value. Donor promises to give in the future are recorded at the present value of estimated future cash flows. Contributions resulting from split-interest agreements, measured at the time the agreements are entered, are based on the difference between the fair value of the assets received or promised and the present value of the obligation to the third-party recipients under the contract.

Contributions without donor-imposed restrictions and contributions with donor-imposed time or purpose restrictions that are met in the period in which the gift is received are both reported as contributions without donor restrictions.

Approximately 37 percent of the Foundation's contributions for the year ended June 30, 2020 consists of contributions from two donors. Approximately 14 percent of the Foundation's contributions for the year ended June 30, 2019 consists of contributions from one donor.

Functional Allocation of Expenses

Costs of providing the program and support services have been reported on a functional basis in the consolidated statement of activities and changes in net assets. Costs have been allocated between the various program and support services on several bases and estimates. Certain salaries have been allocated based on time and effort. Technology expenses have been allocated based on usage. Although the methods of allocation used are considered appropriate, other methods could be used that would produce different amounts.

Income Taxes

The Foundation is a not-for-profit corporation and is exempt from tax under the provisions of Internal Revenue Code Section 501(c)(3).

Note 2 - Significant Accounting Policies (Continued)

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Foundation invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment balances reported in the financial statements.

Impact of the COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus a pandemic. With consideration of guidance from health organizations and government directives, the Foundation has transitioned its employees to a working environment that is primarily remote. The Foundation has not experienced significant decreases in revenue or material changes in grant-making during the year ended June 30, 2020. The Foundation obtained a Paycheck Protection Program (PPP) loan agreement through the Coronavirus Aid, Relief, and Economic Security (CARES) Act (see Note 9).

Management has reviewed the fair value of the investment portfolio for indications of significant declines as of June 30, 2020 and has determined that no impairments of portfolio assets are necessary. However, due to the continued uncertainty surrounding the effects of the pandemic, management's judgment regarding this could change in the future.

The Foundation's activities, functional expenses, cash flows, and financial position may be negatively impacted as the pandemic continues, which cannot be reasonably predicted at this time.

Subsequent Events

The consolidated financial statements and related disclosures include evaluation of events up through and including December 15, 2020, which is the date the consolidated financial statements were available to be issued.

Community Foundation of Northern Colorado

Notes to Consolidated Financial Statements

June 30, 2020 and 2019

Note 3 - Liquidity and Availability of Resources

The following reflects the Foundation's financial assets as of June 30, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the consolidated statement of financial position date:

	2020	2019
Cash and cash equivalents	\$ -	\$ 987,665
Investments	129,008,505	116,351,633
Contributions receivable	222,440	364,163
Notes receivable	54,251	99,229
Beneficial interest in trusts	2,568,749	2,621,185
	<u>131,853,945</u>	<u>120,423,875</u>
Financial assets - At year end		
Less those unavailable for general expenditures within one year due to:		
Contractual or donor-imposed restrictions:		
Donor-imposed restrictions on endowment funds	42,145,655	39,254,098
Restricted pledges receivable	222,440	364,163
Investments held for split-interest agreements	4,763,511	4,786,422
Restrictions on the conversion of beneficial interest in trusts	2,568,749	2,621,185
Investments that may not be available within one year	10,669,159	4,918,000
	<u>70,379,514</u>	<u>52,944,868</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 71,484,431</u>	<u>\$ 68,480,007</u>

The Foundation has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, as part of its liquidity management, the Foundation invests cash in excess of daily requirements in various short-term investments, including certificates of deposit and short-term treasury instruments. The Foundation has no committed lines of credit.

Note 4 - Investments

The investment balance at June 30, 2020 and 2019 is composed of:

	2020	2019
Cash and cash equivalents	\$ 6,460,984	\$ 4,420,170
Certificates of deposit	102,912	101,636
Public equities and equity mutual funds	62,860,755	63,612,074
Fixed-income debt securities and fixed-income mutual funds	43,864,886	42,932,721
Real estate ETFs	1,872,230	-
Other mutual funds	2,713,895	-
Hedge funds	2,898,159	-
Impact investments*	730,000	290,000
Limited partnerships*	2,925,000	3,825,000
Real estate holdings*	700,000	587,000
Gold coins	463,684	367,032
Mineral rights*	216,000	216,000
Water rights*	3,200,000	-
	<u>\$ 129,008,505</u>	<u>\$ 116,351,633</u>
Total		

*These investments are valued at cost, as discussed in Note 2.

Notes to Consolidated Financial Statements

June 30, 2020 and 2019

Note 4 - Investments (Continued)

Investment earnings for the years ended June 30, 2020 and 2019 consisted of the following:

	2020	2019
Net realized and unrealized gains	\$ 3,492,043	\$ 4,010,287
Interest and dividends	2,991,513	3,400,754
Gross investment earnings	6,483,556	7,411,041
Investment fees	(259,084)	(62,865)
Net investment earnings of agency funds	(1,213,968)	(1,287,104)
Net investment earnings	<u>\$ 5,010,504</u>	<u>\$ 6,061,072</u>

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset or liability.

Certain assets are measured at net asset value (NAV) per share as a practical expedient to fair value and are not classified in the fair value hierarchy. NAV per share is provided by the investment managers of the investment funds and represents the investor entity's (the Foundation's) share of the underlying net assets (assets net of liabilities) of the investment fund as of the consolidated statement of financial position date.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

These classifications (Levels 1, 2, and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not necessarily an indication of risk or liquidity.

The following is a description of valuation methodologies used for assets measured at fair value:

Cash and cash equivalents, public equities, ETFs, and equity mutual funds - Valued at the closing price reported on the active market on which the individual securities are traded.

Fixed-income debt securities and fixed income mutual funds - Valued based on yields currently available on comparable securities of the issuer or other issuers with similar credit ratings. While some fixed-income mutual funds may be actively traded and, therefore, could be valued based on Level 1 inputs, the underlying assets in those mutual funds are based on Level 2 inputs, and, therefore, the entirety of this portfolio segment has been included as Level 2.

Note 5 - Fair Value Measurements (Continued)

Gold coins - The Foundation values gold coins at fair values determined by using published closing spot prices for gold on the last business day of the fiscal year.

Certificates of deposit - The Foundation values certificates of deposit at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Early withdrawal charges may apply in the event the instruments are liquidated prior to their scheduled maturity date.

Hedge funds - The value is calculated by using NAV per share of the hedge fund. NAV per share is provided by the investment managers of the investment funds and represents the investor entity's (the Foundation's) share of the underlying net assets (assets net of liabilities) of the investment fund as of the consolidated statement of financial position date. The hedge funds class includes investments in hedge funds that invest both long and short, primarily in U.S. and international equity markets. Management of the hedge funds has the ability to shift investments from different positions and tailor strategies from small to large capitalization stocks and from a net long position to a net short position. Unfunded commitments for hedge funds amounted to \$487,500 as of June 30, 2020, and redemptions were available with notice periods and frequencies ranging from daily to monthly between the various hedge funds in the asset class. The Foundation did not hold any investments in hedge funds as of June 30, 2019.

Beneficial interest in trusts - The fair values of investments held in beneficial interest in trusts include Levels 1 and 2; however, the Foundation's pro rata share of the interest in the trusts is not quoted in active markets and, therefore, is classified under Level 3 in the fair value hierarchy.

Split-interest agreement liabilities - The liability amount is based upon the fair value of the underlying investments, the actuarial facts of the annuitant, and a present value discount rate for the expected life of the annuitant. While the fair value of the investments associated with the split-interest agreement may be determined based on Levels 1 and 2, the annuitant's expected share of the interest in those investments is not quoted and, therefore, is classified under Level 3 in the fair value hierarchy.

The Foundation's policy is to recognize transfers in and transfers out of Level 1, 2, and 3 fair value classifications as of the actual date of the event, if any were to occur.

Notes to Consolidated Financial Statements

June 30, 2020 and 2019

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Foundation's assets and liabilities measured at fair value on a recurring basis at June 30, 2020 and 2019 and the valuation techniques used by the Foundation to determine those fair values:

Assets and Liabilities Measured at Fair Value on a Recurring Basis
at June 30, 2020

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Net Asset Value per Share (NAV)	Balance at June 30, 2020
Assets					
Investments:					
Cash and cash equivalents	\$ 6,460,984	\$ -	\$ -	\$ -	\$ 6,460,984
Certificates of deposit	-	102,912	-	-	102,912
Public equities and equity mutual funds	62,860,755	-	-	-	62,860,755

Other mutual funds	2,713,895	-	-	-	2,713,895
Real estate ETFs	1,872,230	-	-	-	1,872,230
Hedge funds	-	-	-	2,898,159	2,898,159
Gold coins	-	463,684	-	-	463,684
Total investments	73,907,864	44,431,482	-	2,898,159	121,237,505
Beneficial interest in trusts	-	-	2,568,749	-	2,568,749
Total assets	\$ 73,907,864	\$ 44,431,482	\$ 2,568,749	\$ 2,898,159	\$ 123,806,254
Liabilities - Split-interest agreements					
	\$ -	\$ -	\$ 3,552,603	\$ -	\$ 3,552,603

The Foundation also held \$7,771,000 of investments valued at cost as of June 30, 2020, which are not reported at fair value and, therefore, are excluded from the table above.

Community Foundation of Northern Colorado

Notes to Consolidated Financial Statements

June 30, 2020 and 2019

Note 6 - Contributions Receivable

Contributions receivable with expected collections as of June 30, 2020 and 2019 are as follows:

	2020	2019
Amounts due in:		
Less than one year	\$ 163,000	\$ 233,500
One to five years	60,000	134,000
Unamortized net present value discount	(560)	(3,337)
Total contributions receivable - Net	<u>\$ 222,440</u>	<u>\$ 364,163</u>

Note 7 - Notes Receivable

Notes receivable as of June 30, 2020 and 2019 are as follows:

	2020	2019
Note receivable, due in monthly installments of \$2,558, including interest at 1.5 percent through September 2020, with remaining principal and accrued interest due at maturity in October 2020	\$ 44,044	\$ 58,725
Note receivable with interest at 3.75 percent and annual principal and interest payments of \$14,681 through December 2021, with the interest rate adjusting annually to the 10-year U.S. Treasury rate plus 1 percent. The remaining principal and accrued interest are due at maturity in December 2022	10,207	40,504
Total notes receivable	<u>\$ 54,251</u>	<u>\$ 99,229</u>

Note 8 - Property and Equipment

Property and equipment as of June 30, 2020 and 2019 are summarized as follows:

	2020	2019
Land	\$ 225,000	\$ 225,000
Buildings	836,508	838,753
Furniture and fixtures	71,897	85,843
Computer equipment and software	32,953	25,753
Total cost	1,166,358	1,175,349
Accumulated depreciation	384,352	371,151
Net property and equipment	<u>\$ 782,006</u>	<u>\$ 804,198</u>

Note 9 - Note Payable

During the year ended June 30, 2020, the Foundation received \$212,263 through the Paycheck Protection Program under the CARES Act. Under ASC 470, the Foundation has elected to account for these PPP funds as a loan payable until it is repaid or legal notice of forgiveness is received. These funds bear interest at 1.00 percent, defer principal and interest payments for 10 months from their issuance, and contractually mature in April 2022; however, the Foundation plans to pay the unforgiven portion of the note, if any, at the end of the deferral period.

Community Foundation of Northern Colorado

Notes to Consolidated Financial Statements

June 30, 2020 and 2019

Note 10 - Net Assets

Net assets consist of the following as of June 30, 2020:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment funds	\$ 3,326,195	\$ 42,145,655	\$ 45,471,850
Nonendowment funds	52,942,004	-	52,942,004
Split-interest agreements	-	3,779,657	3,779,657
Nonendowed pledges receivable	-	222,440	222,440
Total	<u>\$ 56,268,199</u>	<u>\$ 46,147,752</u>	<u>\$ 102,415,951</u>

Net assets consist of the following as of June 30, 2019:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment funds	\$ 3,532,551	\$ 39,254,098	\$ 42,786,649
Nonendowment funds	45,224,537	-	45,224,537
Split-interest agreements	-	3,621,367	3,621,367
Nonendowed pledges receivable	-	364,163	364,163
Total	<u>\$ 48,757,088</u>	<u>\$ 43,239,628</u>	<u>\$ 91,996,716</u>

Net assets by major category as of June 30, 2020 and 2019 are as follows:

	2020	2019
Endowment funds:		
Donor advised	\$ 16,631,664	\$ 16,450,017
Donor designated	15,319,048	12,921,147
Scholarship	1,448,450	1,394,071
Field of interest	10,217,892	10,095,196
Board designated	1,854,796	1,926,218
Total endowment funds	<u>45,471,850</u>	<u>42,786,649</u>
Nonendowment funds:		
Donor advised	48,021,208	41,670,768
Operations	2,136,258	2,402,440
Special project	284,435	152,569
Field of interest	60,876	65,683
Scholarship	299,554	459,160
Donor designated	801,442	663,335
Other	1,560,671	174,745
Split-interest agreements	3,779,657	3,621,367
Total nonendowment funds	<u>56,944,101</u>	<u>49,210,067</u>
Total net assets	<u>\$ 102,415,951</u>	<u>\$ 91,996,716</u>

Funds may be established as endowed funds where only the earnings are available for the following purposes, but the corpus is intended to be maintained in perpetuity.

Note 10 - Net Assets (Continued)

Donor advised - These funds are established by donors who wish to actively participate in the grant-making process in a convenient and flexible manner. Individuals, corporations, families, or committees who establish a fund advise the Foundation's staff throughout the year with respect to grant-making that benefits charitable projects or organizations of their choice. Donor-advised funds make it easy for donors to give to multiple nonprofit agencies in varying amounts at numerous times throughout the year. Successor advisors can be named, and the fund can be a beneficiary of a will, gift annuity, or charitable remainder trust. The Foundation's board of trustees is legally responsible for approving all grants.

Donor designated - These funds are established by donors who wish to support specific agencies or causes. Donors may also contribute to existing donor-designated funds. If the original designated charity ceases to exist, becomes obsolete, or is unable to perform its charitable purposes, the Foundation's board of trustees will redirect the funds to an organization providing similar services without the cost of expensive legal action.

Scholarship - These funds are established by donors who work with the Foundation's staff to establish objective criteria by which scholarship recipients will be selected. For example, scholarship criteria can look at financial need, academic achievements, seniors who are graduating from specific schools, or graduating seniors who live in a particular geographic area. Donors may serve on the selection committee (in accordance with current laws), but the Foundation's staff handles the necessary paperwork and ensures that scholarship awards are distributed to each recipient's college or university.

Field of interest - These funds are often established to support particular interest areas, specific program initiatives, causes, or geographic areas. To honor the donors' wishes, use of the funds is designated to specific areas of interest. Grants from these funds are awarded to local nonprofit agencies by the Foundation's community fund committees. The donor does not reserve an ongoing advisory role.

Board designated - These funds are not designated for use by a particular agency, cause, or area of interest by a donor. The Foundation's board of trustees oversees the use of these funds, setting priorities for their use and determining how grants will be distributed to support the charitable needs of the community. Unrestricted funds give the Foundation the ability to respond to pressing and often changing needs in the community.

Note 11 - Donor-restricted and Board-designated Endowments

Interpretation of Relevant Law

The Foundation is subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the board of trustees appropriates such amounts for expenditures. Most of those net assets also are subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. The board of trustees of the Foundation had interpreted UPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Foundation considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The Foundation has interpreted UPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. Additionally, in accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the Foundation and the donor-restricted endowment fund

Underwater Endowment Funds

As of June 30, 2020 and 2019, there were no funds with material deficiencies.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period, as well as board-designated funds. The secondary investment objective is to earn a total return, net of expenses, at least equal to the portfolio's composite benchmark, as defined in its investment policy statement. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The current spending policy is to distribute an amount equal to 4.5 percent of the fund's total market value based on 16 trailing quarters. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment assets to grow annually. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets and to provide additional real growth through new gifts and investment return.

Note 12 - Retirement Plans

The Foundation had a SIMPLE IRA retirement plan through December 31, 2018, at which point it was replaced by a 401(k) retirement plan effective January 1, 2019. These plans allows for eligible employees to make contributions up to the annual contribution limit provided under the Internal Revenue Code. The plans require matching contributions equal to 100 percent of employee salary deferrals up to 3 percent of employee compensation. The Foundation expensed matching contributions to the retirement plans totaling \$44,226 and \$34,320 for the years ended June 30, 2020 and 2019, respectively.

Note 13 - Related Party Transactions

During the year ended June 30, 2019, the Foundation incurred expenses related to investment advisory and consulting services from entities related to members of its board of trustees totaling approximately \$225,000. No such transactions occurred during the year ended June 30, 2020.
